

**P5 Mathematics**  
**Volume of a Cuboid**

Name: \_\_\_\_\_ (       )

Date: \_\_\_\_\_

Find the volume of the cuboid. (The volume of each cube is  $1 \text{ cm}^3$ .)

1. How many cubes do you use for filling up the first layer?  
\_\_\_\_\_ cubes
2. If one more layer is filled up, how many more cubes do you use?  
\_\_\_\_\_ cubes
3. The number of cubes in the first layer and the second layer  
( are / are not ) the same.
4. How many cubes do you use for the first two layers?

Show your work:

Answer: \_\_\_\_\_ cubes

5. The volume of the cuboid is \_\_\_\_\_  $\text{cm}^3$ .
